In this page we can see that there is Two section

1. Assign Some Work

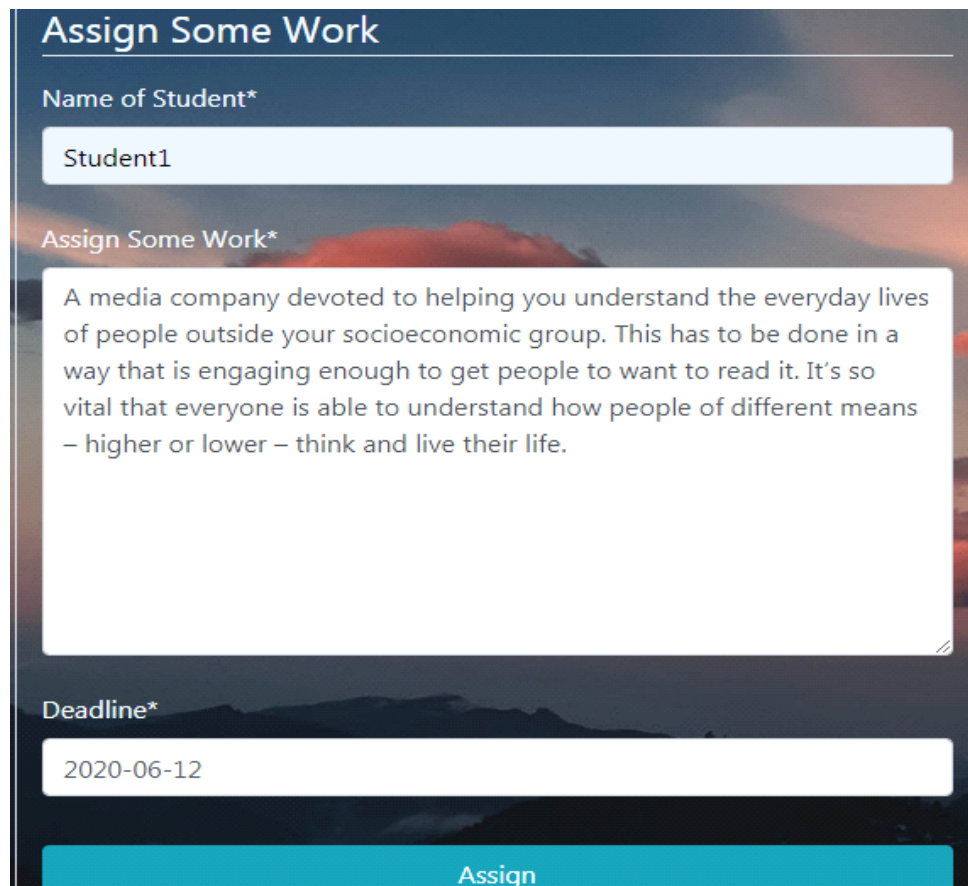

Here Admin can assign work to the student which are present.

2. Already Assigned Work

Here admin can see the list of student and there assigned work.

Lets Explore each section:-

1. Assign Some Work

The screenshot shows a web form titled "Assign Some Work" with a background image of a sunset over mountains. The form contains three main input fields: a text box for "Name of Student*" with the value "Student1", a large text area for "Assign Some Work*" containing a paragraph about a media company, and a date picker for "Deadline*" set to "2020-06-12". A blue "Assign" button is at the bottom right.

Assign Some Work*

A media company devoted to helping you understand the everyday lives of people outside your socioeconomic group. This has to be done in a way that is engaging enough to get people to want to read it. It's so vital that everyone is able to understand how people of different means – higher or lower – think and live their life.

Assign

Once the Assign is Clicked work will be assigned to the student and admin can see that in the list.

Now you can see the list is updated:

to campaign one way and legislate another. We need something like Change.org, but beyond petitions. Something with teeth, that politicians sign onto and holds them accountable. Apps that cleanly show exactly how government money is being spent could also be helpful.

Low-cost, reliable internet access. More than 34 million Americans don't have access to high-speed internet. It's not even available. And more than 25 million can't afford high-speed internet. So 60 million Americans aren't using high-speed internet in their homes, which is about equal to the combined populations of California and Texas. This is absurd. We're investors in Tazca-Connects, which is running full speed at this problem. But we'd love to see it taken seriously by a greater number of companies and regulators.
